Department of Economic Development
& Tourism
APRIL 1983

I. INTRODUCTION

- The purpose of this report is to present Statistics Canada data for the 1982 calendar year measuring non-resident travel entries into Manitoba from the United States and direct from overseas countries.

- The information pertains to the volume of tourist movements between:

  1) The United States and Manitoba and

  2) The rest of the world and Manitoba

- Interprovincial movements of traffic either Canadian or American are not included in this report.

II. UNITED STATES VISITOR ENTRIES

- United States visitors entering Manitoba by automobile from the United States totalled 584,484 persons in 1982, this is a decline of 11.9% from 1981.

- Visitors entering the province by automobile and staying one or more nights decreased 8.68% from 1981 to 257,723 persons.

- Visitors who entered the province and departed the same day declined - 14.24% from 1981 to 326,761 persons.

- Almost all ports of entry recorded declines in total automobile traffic entering the province in 1982.

- Overall there was a 12.82% decline in total automobile traffic entering Manitoba in 1982.

- United States resident entries by air declined 15.23% from 1981 to 53,116 persons.

- Travel by bus has been declining in years prior to 1982.

- In 1982 however, bus traffic recorded an increase of 19.90% over 1981 to 23,992 persons.

- Overall, the total number of United States resident entries declined 11.24% from 1981 volumes to 663,604 persons.

III. OVERSEAS TRAVELLER ENTRIES

- Overseas visitors via air direct to Manitoba and by air and land via the United States decreased in 1982 by 18.41% to 17,660 visitors.

IV. CANADIAN TRAVELLERS RETURNING TO MANITOBA

A) From Visits to the United States:

- The number of Canadians returning from visits to the United States declined by 5.13% in 1982 to 1,006,549 visitors.

- Travel by automobile on a one or more night basis declined by 6.76% to 343,821 travellers and travel on a same day basis declined by 2.99% to 525,440 travellers.

- Travel by plane from the United States by Canadian residents into Manitoba decreased by 13.89% from 1981 volumes to 89,291 persons.

- Travel by bus and other modes increased 1.62% and 9.44%.

B) From Visits Overseas:

- Canadians returning directly to Manitoba or returning via the United States from visits overseas increased 1.61% to 19,614 persons.

- This measure represents only a minor portion of the total overseas travel by Manitobans since most travellers re-enter Canada at other ports of entry (i.e., Montreal, Toronto, etc.).

V) CONCLUSIONS

- In 1982, United States residents entering Manitoba from the United States by all modes of transport declined by 11.24%.

- The majority of this decline is attributed to a decline of approximately 25,000 long term auto visitors.

- Travel by residents of countries other than the United States to Manitoba either direct or via the United States indicated a decline of 18.41% to 17,660 travellers.
